## Beautifully Efficient

Whatever the style, color or finish of your current roof, a Unified Steel™ stone coated roof can further enhance the appearance of your home. Whether you want the look of shingle, clay tile, cedar shake or slate, you can select a Unified Steel™ roof that will highlight the beauty and increase the efficiency of your home. Several Cool Roof Rated* products offered by Unified Steel™ help improve the energy efficiency by reflecting sunlight and heat away from your roof. Unified Steel™ roof will look beautiful for decades to come and requires little to no maintenance to provide a lasting improvement to your home's curb appeal.

CRRC COOL ROOF RATING COUNCIL® MEMBER

*Cool Roof Rating Council (CRRC) measures the "coolness" of a roof by determining a roof's solar reflectance (SR) and thermal emittance (TE). Both properties are rated on a scale from 0 to 1, where 1 is the most reflective or emissive. The CRRC measures these two properties for roofing products, both for the product's initial values and after three years of weather exposure. CRRC rated products help reduce the heat island effect found in urban areas and in general, increases the overall energy efficiency of the building. For more information, please visit our website Cool Roof resources page: **westlakeroyalroofing.com/cool-roof-colors/**

For product warranty details, please visit **Unified Steel Product Warranty** on our website. The warranty found there is the sole warranty applicable to Unified Steel™ roofing products.

# DaVinci SLATE

Historically, attaining the luxurious look of natural slate hasn't been easy. The cost, the weight and the required army of skilled tradesmen made the installation process complicated and costly. Thanks to the genius of DaVinci, the look of slate is more viable than ever.

## MULTI-WIDTH

Multi-width tiles provide the greatest degree of authenticity and flexibility.

## SINGLE-WIDTH

Single-width tiles reduce material and speed up installation time without compromising style.

## PROVINCE

The look of slate at a fraction of the cost and weight.

# MULTI-WIDTH SLATE

MULTI-WIDTH SLATE
EUROPEAN

## *A perfect match.*

The picture of elegance. DaVinci's Multi-Width Slate delivers the highest levels of beauty without the typical challenges of a natural slate roof. Our tiles are engineered to be lighter, to resist impact and to maintain their color longer. It's hard to beat Mother Nature, but DaVinci has done it.

# DaVinci SHAKE

If you love the look of cedar shake, there's no reason to shy away from it. Whether you're building a new home or replacing an existing shake roof, DaVinci eliminates the pesky concerns of ongoing maintenance and lets your heart get exactly what it wants.

## MULTI-WIDTH

Achieve the authentic look of rough-hewn, hand-split cedar shake with subtle color shifts and randomly-staggered overlaps.

## SELECT SHAKE

Our versatile design replicates the look of authentic cedar on 8" and 10" tiles for a best-in-class roof.

## SINGLE-WIDTH

The tidy and uniform appearance is a popular choice for a wide range of architectural styles.

## CREATING EXPOSURE

Straight or staggered tile coursing is a personal choice. Although budget and architectural style will enter into the equation, personal preference is typically the final determining factor. With DaVinci Multi-Width and Single-Width tiles, you have the greatest ability to vary tile placement. Province Slate tiles must be installed at an 8" exposure.

***Multi-Width and Single-Width Slate can be installed at 6", 7", 7½" and 8" exposure.***

***Multi-Width, Single-Width, and Select Shake can be installed at 9" and 10" exposure.***
